BLAST—What a butane gas explosion did to a trailer parked at Rancho Park last week is shown in the above picture. The trailer was the property of Mr. and Mrs. Homer Bean of Stockton, Calif., causing \$2500 damages. (Vic Stollberg Photo).

Blast Wrecks Large Trailer in Local Park

An explosion last week at the Rancho Trailer Park on South Palm Canyon Drive destroyed the trailer of the Homer Beans of Stockton, Calif., causing \$2500 damages. Causes of the explosion and fire was attributed to a leak in the butane tank, not completely shut off and gas fumes which filled the inside of the trailer. Fortunately, the Beans had left their trailer for a trip to Los Angeles earlier in the day. Both sides of the trailer were blown out and the fire was immediately extinguished by Bill Veith, manager of the trailer park, who occupied an adjoining trailer. Fire company from the main station answered the call and aided in clearing the debris. Damage is said to be covered by insurance, and no one was injured in the explosion.

OWING TO CIRCUMSTANCES OVER WHICH I HAVE NO CONTROL, THERE WILL BE NO POEM TODAY

The circumstances are these... I had been lying awake for nights trying to compose a ditty about: Beware the Ides of March... Income tax day... All about how March comes in like a lion and goes out like a lamb... A shorn lamb at that because of March 15... Also comes in like a lion because that is what everyone is doing, hoping to get away with it... And then, just before I was able to yell, "Eureka"... I read where they had changed the date and that March 17 was the deadline... That threw the whole thing off its feet.

YOU JUST CAN'T please some people... Received a card the other day in the same handwriting and initialed the same as one received last week threatening to sue the city because of the bumps at Baristo and Indian... This time, the writer protested loud and long because they had part of the street torn up and were beginning the long-delayed paving job... Which reminds me, one guy collared me on the Drive and wanted to know how he could gain recompense for a broken stabilizer... I gave him the name of O. O. Clark.

SOME PEOPLE also take everything seriously... Last week after I suggested a revenue scheme for the city to help pay taxes... That cover charge to get in with a toll taker at each end of the Village, I received a call... At home, too, while I had my favorite records turning... The woman just talked

Senseless Vandals Despoil Art Ball Settings

Members of the Beaux Arts Ball committee were up in arms today over an act of ruthless vandalism the other night. According to Terry Ray of the committee, the barracks room at the airport where settings for the ball, to be staged at the Tennis club next month, was broken into and much of the work undone by ruthless, senseless destruction. Ray said it was apparently the work of juveniles and he couldn't see what fun they got out of it. He said that the place will be protected by a watchman hereafter and any persons caught there will be prosecuted to the fullest extent. Nothing was stolen in the raid.

Deputy Assessor to Aid Vets Here Each Saturday

Beginning Saturday morning, March 8, and continuing each Saturday through April 26, a deputy assessor will be at World Wars Memorial building to accept tax exemption claims from veterans. Frank Burchfield, county assessor, announced this week. To file locally veterans are required to furnish a legal description of the property on which he is claiming his exemption. Best source of information in this regard, it was pointed out, is the current tax bill for the property or properties on which the claim is being made. Veterans are urged to bring these tax bills with them. If, because of the plan under

Circus Queen Entry Blanks Now Available

Entry blanks for the Desert Circus Queen may be obtained at the Chamber of Commerce office and Circus headquarters, 1150 North Indian avenue. Queen of the 16th Annual Desert Circus and Carnival of Stars will probably have more fun than any queen to date, for she will preside over a star spangled program of gala events, and she will be given a bit part in the movies, according to Harry Joe Brown who produces Westerns. The Queen, will have four ladies in waiting in her court, so entrants have five chances to score a win. Preliminary judging will be photographs accompanied by qualifications listed on the entry blank. From photographs, twelve young ladies will be selected as finalists. Judges will be Harry Joe Brown, Sidney Langfield, Sol Lesser, William Perlberg and Bob Welch. The twelve finalists will appear at a Fashion Show luncheon, March 22 staged by Dorothy Gray at the Racquet Club, when the Queen and her court will be chosen. Outfits for the queen and the ladies of her court will be provided by the Desert Circus association.

Playhouse Judge Rules for Rogers in Suit

Herb Rogers of the Playhouse, was notified yesterday by his attorney, Jerry Bunker, that he had won in the case brought against him by Mrs. Anna Friedlander asking \$976 damages. Mrs. Friedlander contended that members of the Tenthousand cast two years ago rented her house and did damage in excess of that amount. Judge R. A. Moore, who heard arguments in the case, decided they had not and gave judgment in favor of Rogers.

Pittsburgh to Open Season Against Rainiers Tuesday

It's hello again to the Seattle Rainiers in Palm Springs Tuesday when the Pacific Coast League champions, prepping for their third straight spring here make their training camp bow with the Pittsburgh Pirates at the Polo Grounds. With a new manager in Bill Sweeney, who succeeded Rogers Hornsby when the latter returned to the big leagues to pilot the St. Louis Browns, the Rainiers have been conditioning in Palm Springs sunshine the past week and should be ready to go at top speed against the National Leaguers. RALPH KINER, home run king of the senior major league, now a Palm Springs resident, a recent bridegroom, will be the big diamond attraction in the Tuesday opener, the first of nine games to be played here this month. Kiner is the ace of the Pirates, the husky outfielder being rated

URGE SPEEDY RESPONSE TO RED CROSS APPEAL

(Photo on Page Two) Palm Springs annual Red Cross fund drive was launched Tuesday morning at a breakfast meeting at the Youth Center when chairmen and workers met to plan the active campaign. Dr. A. G. Hoff, general chairman, introduced several speakers including Miss Mary Panglen executive head of Riverside county Red Cross chapter. Miss Katherine Finchy also spoke emphasizing the importance of residential solicitation. Dr. Hoff said the quota for Palm Springs is \$16,000 and that \$2,450, or 15 per cent, had been raised through advance gifts. He said he hoped that the entire quota would be reached within 10 days and urged villagers to respond quickly. He also said that more volunteer workers are needed and that any wishing to volunteer should call Miss Finchy at 7234 or Mrs. John Williams at 2-6088. Val Blatz is chairman of the Palm Springs branch of the county Red Cross chapter. Mrs. A. G. Hoff, canteen chairman, was in charge of Tuesday morning's breakfast.

INDIANA U. PRESIDENT NOW A DESERT BOOSTER

By BETH SCOTT Palm Springs won another booster for our famous resort this week! Dr. Herman B. Wells, president of Indiana University, came to Ingleside Inn to visit Ruth Hardy, one of the university's alumnae. The outstanding educator grew up in the same block in a small town in Indiana, which Mrs. Hardy also calls home. Although Dr. Wells, who heads a university with an attendance of near 20,000 students, has traveled extensively, he admitted that he had no conception of the size, beauty, gaiety, and many advantages offered here. As he expressed it "this is one of the most delightful places I have seen. And he should know for he has journeyed from the Chilean resorts to the French Riviera and from Athens to the American northwest. ACCOMPANYING Dr. Wells was Claude Rich, secretary of the Alumni of Indiana University. Besides having a visit with their close friend, Ruth Hardy, the University President enjoyed a reminiscence with Mrs. Hardy's father, B. F. Herdich, who is wintering here from Lebanon, Ind. Dr. Wells recalled that his first job was secured from Herdich when he was president of Boone County State bank, and he gave young Wells an after-school job in the book-keeping department. When the schoolboy applied for work, he admitted he had had no experience and thus did not want any salary. Dr. Wells uses this same advice for young boys now looking for work. "Just go to work, don't ask about salary. If you are good they will pay you." This sound advice, if followed by many young chaps, might make more outstanding business and educational leaders, he said. THE EDUCATOR was made president of Indiana University 15 years ago at the age of 35. Not only is he a leader of educational circles in this country, he also served before the war on a committee for culture and education for the Latin American countries. At the close of the war he was invited by General Lucius Clay to assist in the rehabilitation program in Germany. He helped reorganize the educational system there, which was in a complete state of collapse. "No one realizes the enormity of the test that faced General Clay at the close of the war, as Germany had to be completely

Additional heavy road equipment has been added to the job which includes a caterpillar D-8 and other road surface machinery used in breaking up the

Hope, MacRae, Dinah Shore on Police Benefit

Bob Hope, Dinah Shore and Gordon MacRae will lead the host of Hollywood celebrities expected at the third annual Palm Springs Policeman's Ball in the high school gym Saturday, March 15, 1952. President Howard Poe of the Benefit Association made this announcement yesterday and revealed that Les Brown and his famous "Band of Renown" will furnish the dance music starting at 8 p.m. "We will start the dancing early," Poe explained, "because many people come from long distances to attend the show. Appearance of the resident guest stars will start at 9 p.m. and we expect they will be greeted by the largest crowd in our history." Tickets for the affair may be purchased at a booth on Palm Canyon Drive opposite the Desert Inn garage or from any policeman. Proceeds will assist the Association in providing health and accident insurance, police training, building of the police library, development of the pistol range and prevention of juvenile delinquency.

The PUBLISHER'S CORNER by OLIVER B. JAYNES

MOST PEOPLE WOULDN'T COMPLAIN about the Federal tax burden if they felt they were getting their money's worth. Almost everyone recognizes the high cost of building up the military strength of the nation and helping the nations of Europe arm for defense. These things we consider necessary. We recognize also that there is bound to be a certain amount of waste in such a program. But the waste of public funds right here in our own country and the reports of millions wasted by the Army Engineers on African air bases makes the average taxpayer feel like he is being robbed. And so he is. Let's get down to a single case and explain what we mean by waste. Let's listen to L. L. Johnson of Augusta, Georgia, who was working on the Savannah River project. Here is what he had to say about waste, as reported in the Congressional Record of Oct. 10, 1951: "I worked at the Savannah River project as carpenter beginning February 1, 1951, for a period of approximately six months. I would like to verify Congressman Wheeler's statement as to the waste of manpower and other things. I have seen so many men on a job that they were in each other's way. I do not expect an outsider to believe my estimate, but I have seen 200 men on a job that I believe 30 men could have handled. You say the Government has to have them there when the work does open up, but I have seen them there for 6 months. I myself, have hauled away approximately 100 kegs of open and mixed-up nails when a job was finished to be re-stored in the warehouse. If these nails were ever used again, it would cost more manpower to unmix them than they were worth. "I have seen work torn down and rebuilt apparently in order to keep men busy. I have seen a pair of steps built on each corner of a 20-foot square structure when it looked to me that one would have done since they were only temporary and were torn down the next day. I have seen men driving in nails and other men pulling them out just to look busy. "I have seen the whole area making 10 hours a day when half the men could have done as much work in 7 hours. On September 12 I was sent with 30 men to an area. Five of us were assigned to a foreman named Powell. The first thing he told us was that we hadn't much to do, but try to look busy. I was with him 8 days and he gave me only 2 jobs in that time. One job lasted about 2 1/2 hours, the other about 4 hours. All the rest of the time we were supposed to try to look busy."

You can likely multiply this one example by thousands and thousands of times. This sort of thing has been going on for a long time and all the while the nation is going headlong into debt. In DeKalb County, Illinois, there were about 2500 farmers in 1949. There were 178 Federal farm agency employees to tell these farmers what to do—and what not to do. It cost the taxpayers \$86,065 for these services—and that doesn't include the salaries of 55 other Federal workers who lived outside the county. It took 65 men and women (on the federal payroll) 590 days to sign up, check performance, figure results and pay off an average of \$35.01 apiece to the farmers who co-operated with the Production and Marketing administration for spreading limestone and spraying weeds which over 95 per cent of the farmers would have done anyway. Congress knows about such wasted funds but it is very difficult for Congress to do much about it. It is the executive branch of the government that makes up the budget and knows specifically where the money is going. Mix a little graft in with waste like this and add a full cup of political chicanery and you have a concoction that should be labeled "Present Administration."

Bill Alworth Ex-City Manager Visitor in Village

William E. Alworth, former city manager, now manager of the Vernon chamber of commerce, was in town yesterday for a brief visit and a "make-up" at Palm Springs Rotary club. Alworth, who was at the helm of the city during the brisk rebound after World War II, was amazed at the growth since his departure only a few years ago. He now is a resident of Pasadena.

More State Cash for Schools in County

Ray Johnson, county superintendent of schools, said yesterday that the state had made supplemental grants to county schools totalling approximately \$90,000. The additional funds were granted because of the great growth of schools in the county.

THE STORY OF BOLS

HOLLAND was still under the Spanish yoke and Rembrandt was not to be born for another thirty-two years when in 1575 Lucas Bols first began to distill Genever Gin in a small wooden hut called "het Looijsje" just outside the walls of ancient Amsterdam. By 1612, eight years before the Pilgrims landed at Plymouth, Amsterdam had embraced the distillery within its limits just as it had embraced Lucas Bols' Genever and the liquors that were coming from the small red brick building which had replaced the wooden shed and which was still sentimentally called "het Looijsje." Handed down from father to son, from generation to generation, the business prospered and grew. The name of Bols became known not only throughout Holland but also everywhere in the world where Dutch merchants and intrepid seafarers carried the proud banners of the House of Orange and the Dutch Republic. The year that saw Wellington victorious over Napoleon at Waterloo—1815—also saw the name of the firm changed to the one it bears today: Erven Lucas Bols—the Heirs of Lucas Bols. And now, as the firm enters the final quarter of its Fourth Century, the name of Bols, more than ever before, is the Sign of Good Taste on gin.

Palm Springs Far Ahead in Youth Activity

**Bennett Returns
from Annual
State Convention**

Robert Bennett, director of Palm Springs Youth Center attended the fourth annual recreation conference held at Fresno last week and told directors of the institution this week that Palm Springs is fortunate in its facilities for youth.

Bennett acted as consultant for Youth panel sessions at the conference and was one of the speakers. His topic was "Youth Center Operation and Balanced Programming."

He found that Youth Centers in other cities have problems and complexities similar to these here, he said.

Bennett said that Palm Springs was far ahead of other communities of similar size in facilities and youth activities. "Several Youth Center directors said to me that they wished that they had the advantages we have in Palm Springs," he said. "The ability to finance the building and facilities and maintenance, the advantage of having celebrities in town who offer entertainment for the teenagers, of having the class of directors and of being independent of politics, all amazed them."

Navy Flyers

**Mobile Laboratory
to Check Aviators**

Dr. John S. Graettinger, M.D., of the United States Navy medical corps, was in Palm Springs briefly this week to visit his parents, Mr. and Mrs. R. F. Graettinger.

Dr. Graettinger, an aviation surgeon stationed at Pensacola, Fla., flew in from that station Monday. He was met here by John Butthod, hospitalman, second class, who drove out from Florida earlier in a specially-equipped mobile laboratory navy station wagon.

The two will tour the west coast from El Centro to Seattle examining navy flyers, both still in the service and on the reserve list.

They will be in Southern California two weeks and then move northward.

City Geyser

Two huge claws, attached to a big tractor, which are engaged in ripping up the old pavement on Indian avenue, also ripped up a pipe in the 100 block, just north of the bath house.

For more than an hour a 30-foot geyser wet down the pavement.

It took two crews from the Palm Springs Water company to get at a clogged valve and shut off the flow.

Traffic Count at Banning Shows Bottleneck Facts

Why is the Banning bottleneck?

The state division of highways has the answer.

During a recent busy weekend on the desert, state highway officials took a traffic count on Ramsey, the route of Highways 60, 70, 99 through Banning.

They found that an average of 42 cars per minute went through the city during peak traffic. The findings of the checkers were reported to Banning city officials by District Highway Engineer S. A. Lowden Monday.

The state made the traffic count from February 16 to 24. Lowden said, to determine how serious the bottleneck problem is. The check was apparently prompted by the failure of the highway commission and the city of Banning to reach an agreement on a new route for the highways through the city.

The count was made at two stations, one east and one west of the main intersection. At the western station on February 24, 2,425 cars were checked between 2 and 3 p.m. At the eastern station on the same day, 2,527 cars were checked between 3 and 4 p.m.

The daily count ranged from 13,252 cars on Monday, February 18, to 29,804 on Sunday, February 24.

Mackey to Get Aide at Higher Salary

Supervisors Tuesday adopted an ordinance which will enable County Counsel W. O. Mackey to hire a chief deputy with a beginning salary of \$600 monthly.

Supervisors said it was an emergency when Mackey told them he had sought a chief aid for four months in vain because of the present starting salary of \$500 monthly.

Judge E. E. Theriault, incumbent, was the only candidate to file notice of intention to seek judicial office in the Palm Springs district and therefore will be unopposed at the June 3 primary and will continue in office another term.

Candidates, under the law, are required to file notice of intention before February 29.

CIRCUS PARADE THEME TO BE SALUTE TO STARS

Desert Circus parade committees met Tuesday morning to line out a parade theme in keeping with the general Carnival of Stars which marks this year's Desert Circus, April 3, 4, 5 and 6. Theme for the parade will be Salute the Stars. The overall plan will be for floats to interpret the title of movies.

Harry Joe Brown is submitting a list of movie titles float builders can look over for inspiration. Producer Brown stressed the fact that floats need not be expensive to be effective. Titles which would adapt themselves to parade use are on file at Desert Circus headquarters at 1150 North Indian, El Mirador hotel buildings facing Indian.

JIMMIE COOPER, parade chairman, said that the studios will cooperate with the parade entries and send down a star or starlet to ride aboard the float for glamor. Producer Brown said, however, that the theme of the float should be built around the picture, not any special star, as individual stars might be engaged and unable to be in Palm Springs on the circus dates.

Parade entry blanks will be available today or tomorrow at Desert Circus headquarters or the Chamber of Commerce. A two dollar entrance fee will be charged to help defray parade expense.

COOPER URGED all business houses and hotels and individuals to make a parade entry. "We have a chance to have the

reorganized and rebuilt," Wells stated. He continued, "All schools now are going in Germany, but still need guidance for the de-Nazing of the country's thinking."

DR. WELLS still makes two trips a year to Freiburg, Germany, to serve on a board for the Science of Education. This group includes five German educators with one representative from the following places: South America, Belgium, Switzerland, France, Norway and America.

Dr. Wells told that Mrs. Hardy had been selected recently as a member of the National Board of Indiana University Foundation. He also said "she is one of the most loved and distinguished alumnae of the University."

Council of GOP Women to Stage Dinner Meeting

That the men meant it when they said they wished to be working in a Republican organization is evident by the daily swelling membership lists of the Palm Springs Republican Council. Mayor Charles Farrell responded by taking out membership enthusiastically—as well as many others.

At the dinner to be given by the Council Thursday, March 13 at Saddle & Sirloin at 6 p.m. reservations are coming in and this is to remind those wishing to come to the dinner that judging by present reservations they must be made well before the closing date of March 10. An entertainment surprise has been arranged for the dinner at which the speakers will be honor guests and many of the city's notables will be present. Many of the leading business enterprises, clubs, hotels and motels of the city are co-operating to make this first dinner of the Council a success.

Following the dinner the regular monthly meeting of the Council will be held at Stevens School Auditorium at 8 p.m. and those not coming to the dinner may find welcome at the meeting. Jean Fuller, state president of the Women's Republican Council and Moulton Phillips, last year's state President of the young Republicans will be the main speakers, insuring messages of straight, hard hitting Republicanism and no me-tooism. Also there to give pertinent and highly important information on precinct work will be state chairman of precinct organization for the California Council of Republican Women, Mrs. R. G. Kenyon. The local precinct workers will receive information particularly welcome and helpful to them in their present labors in the precincts.

This is the first big evening given by the local Council and all indications point to a highly successful one.

While the season rolls merrily on, entertainment of various kinds fill the calendar of events. Observing their twentieth wedding anniversary, the Ernest Paganos will give a cocktail party Saturday at their home on San Lorenzo. Among the guests will be friends they knew in Los Angeles, where they lived for a number of years, as Mr. Paganos is a producer of motion pictures. . . The Owen Churchills, who divide their time between L. A. and the Village, will be at the party and celebrating his birthday anniversary. . . Before they became Villagers last year, the Paganos lived in Rome, Italy, for some time.

Happy Birthday Greetings

Happy birthday greetings were in order when Mrs. James E. French gave a cocktail-party and musicale Saturday to observe the natal day of Mr. French, with a number of long-time friends assisting with the entertainment. . . Mr. and Mrs. French have a summer home in San Francisco but have been wintering in Palm Springs for more than 25 years and his birthday party is an annual event anticipated by their musically minded friends.

Mr. and Mrs. James E. French with their pet, Tang Sue (Partridge Photo)

Songs to remember were sung by Ken Darby, Budd Linn, Rad Robinson and John Dodson, who "make music" for the Fibber McGee and Molly radio program. The musicians and their wives, long time friends of the hosts, were week end guests at the French home. . . They helped to initiate the new swimming pool, that was opened the day they arrived. Vocal numbers ranged from the sublime to the ridiculous and included the beautiful arrangement of "The Twenty-Third Psalm" by Ken Darby, which the quartet sang, with Ken playing the piano accompaniment. Amusing and popular songs were a part of the varied program.

Also helping to make the party the enjoyable success that it was were Bob Hope and the attractive Dolores Hope, who sang favorite songs of her hosts, and other talented guests joined in the informal program. Huge bouquets of red and white gladioli were featured in decor throughout the rooms and the small supper tables were centered with spring flowers. . . Among the many gifts the Mr. French received was an electric autoette, a gift from the O'Donnell Golf Club of which he is president. Because Mr. French has done so much to improve golfing facilities here, he is designated as "the godfather of golf" in this area.

Bannermans to Host Party

Los Angeles friends of the William Bannermans, Villagers from L. A., will be among their guests when they give a cocktail party and dinner dance at the Tennis Club, March 15. . . Sharing in the festivities will be the Walter Richards, recently moved to their new home in Bel Air, and while here they will stay at the Town House; the Fred Clametts, the Eastman Markells, the Harold McAllisters and the Russell Garners. . . Other guests, the Rulon Frees, will stay with the Edwin Fallgrens; the Robert Andrews, to be house guests of the Robert Kenastons; the Harry Macys and the Fred Nasons, who will stay with the William Maloufs, and Mr. and Mrs. Ludlow Shonnard (Christy Fox), to be house guests of the Kenneth Kirks. . . Also invited for the party are the Lesley Kelleys and the Howard Ahmansons.

Chicagoans had a festive reunion at the party given by the Thomas Flemings on Saturday, when they entertained about 80 guests. . . Although the hostess said nothing about the date being her birthday anniversary, that fact obviously became an "open secret," judging by the many blooming plants and flowers that adorned the Flemings' beautiful new home.

The Flemings, winter residents from Chicago, included among their guests the Byron Cairns and their house guests, the William Sineks, all from Chicago. . . Other Chicagoans exchanging greetings with their townsfolk included the George F. Barretts and the James Dunhams. . . After the cocktail party the Flemings entertained their guests at a dinner in the Lanai room of the Tennis Club.

Neighbors and other friends of the Anthony Burkes were guests at a cocktail party they gave recently in their home near the Tamarisk Country Club. . . Mrs. Burke also gave a luncheon the past week end for Mrs. Anne English, Los Angeles, a guest at the Nate Millnor home.

Shortly after Bob Hornstein returned from a vacation in Acapulco, Mexico, he gave a party in his home and included a number of New York visitors among his guests. . . In the party was Raoul Fernandez, Havana and New York, who returned from Mexico with Bob and is his house guest.

Entertaining visitors in Palm Springs and going to the races in Santa Anita, are included in the full program of the William Moncriefs. . . Sunday they gave a cocktail party in their home and later attended the Bob Hope-Bing Crosby benefit radio show at the Plaza Theater. . . After the show the Moncriefs gave a dinner at the Racquet Club for a group of friends. . . They now are turning their attention to building a home on property they purchased near Thunderbird Country Club, and also have plans under way to enlarge their fishing lodge near Gunnison, Colo.

E. B. McGovern Entertain

Visitors from Seattle and other friends of the E. B. McGovern were guests at a cocktail party they gave Sunday at home. Several of the golf-minded visitors from Washington state came for the opening of Tamarisk Country Club. . . Assisting the hosts were their daughters, Mrs. Stewart Sergeant, Mary Ann and Dorothy McGovern and Mary Ann's house guest, Mary Margaret Matthews of Seattle.

When the William Reichels gave a dinner at Rogers Ranch Club recently, they were entertaining for Mr. and Mrs. Ray Casey from Oakland, home city of the hosts. . . The Caseys are occupying one of El Mirador's bungalows and have as their house guests Mr. and Mrs. Ernest C. Voigt of Oakland.

Although Dr. John Costello might have thought he was "the forgotten man" on his birthday anniversary, such was not the case, because the attractive Gwenneth Costello planned a surprise dinner party for him. Helping to make the party a success were Dr. and Mrs. Wilmot Robinson, L. A., house guests of the Costellos; Mrs. Ward Warner, New York, who is visiting her sister, Mrs. Vivian Summerfield; S. C. Von Boynton, from L. A., and the Charles Winnings, recently returned to their winter home. The dinner was given in the Tennis Club and the following day they were luncheon guests of Dr. Reynaldo Carreon, Mexican consul for this area, and Mrs. Carreon, at their ranch near Indio.

Friends from their home city, Seattle, were entertained by the Morris O. Andersons when they gave a cocktail party recently in their home. . . Later the hosts were included in a large dinner party given at the Tamarisk Country Club, of which Mr. Anderson is president.

Polo Club Dinner

Palm Springs Polo Club members deviated from their usual custom and their monthly feast was a no-host chuck wagon dinner. . . The Irving T. Snyders assisted with arrangements for the dinner Wednesday, at the clubhouse on the Polo Grounds, where polo games are played on Fridays.

Following his usual custom, Donald Stralem gave a farewell cocktail party in the Mural room of the Racquet club, this week-end, shortly before he returned to New York, after a vacation of several weeks at the club. . . Winter colonists and Villagers were included in the large party.

ARTIST HERE SUNDAY—Albert Vertchamp, noted violinist, who will appear here Sunday evening at American Legion Hall in a concert sponsored by Desert Art Center.

Desert Art Center to Present Noted Artists in Concert Sunday Evening

Synchronized to perfection, violin, cello and piano will be heard in the Vertchamp concert next Sunday evening March 9, at American Legion Hall, Palm Springs, when Albert Vertchamp, Edgar Lustgarten and Florence Mirkin appear in recital under the auspices of the Desert Art Center. Mendelssohn's Trio in D Minor, Vieuxtemps' Concerto No. 11 make up the program to the intermission, while Handel's Passacaglia, Larghetto and Menuett, with Prelude in C Major by Samuel Gardner, and Caprice Basque by Sarasate complete the concert. All three top bracket musicians have been featured soloists with famous symphony orchestras under master conductors, Edgar Lustgarten, for six years with Toscanini and the St. Louis Philharmonic has been appearing in Los Angeles this winter in the "Roof Garden" concerts at Westwood.

"With this concert the directors of the Art Center feel that they are achieving one of their main purposes, which is to present their gifted members, particularly those living in Coachella Valley, so their particular medium of expression may be utilized for the cultural enjoyment and education of visitors and residents," stated Mrs. Austin McManus, whose position as the first white settler in Palm Springs gives her an honored position on the board. "We have tried this year to provide one program each month which will answer the requests of the many members and the needs of the organization, with the aim of making each event the best of its kind. Those who have heard Mr. Vertchamp play his Guadagnini violin in his two previous concerts in Palm Springs, say they were convinced they were listening to a violinist of great skill. I am looking forward to hearing him myself next Sunday night," she concluded.

Committees have been working throughout Coachella Valley under Mrs. Ferroll Weinstein, general chairman, to make the event successful. Mr. Alex Staples, ticket chairman for the Indio area reports that Mr. Rex Johnson, Supt. of Schools there, who heard Mr. Vertchamp and is one of his admirers, has declared the concert to be of sufficient musical importance to make it an alternative for Teacher's Institute. Mrs. Louise Evans, ticket chairman for Palm Springs says that Dr. Arthur Hoff, Supt. of schools here is urging all his teachers and musical students to attend. Mrs. Claude Freeman, hospitality chairman, with her committee of Mrs. John Lapp, Mrs. Raymond Wilson, Mrs. C. M. McCauley and Mrs. Gordon Clark will be at the door, while Mrs. P. K. Nicholls and Mrs. Payne Jennings, co-chairman of refreshments and decoration for the members' reception following the recital, will be assisted by Mrs. George Wheeler, Mrs. David H. Margolis, Mrs. John Luccarelli and Mrs. Walter Freund. Tickets for preferential seating should be purchased in advance and are on sale at the Palm Springs Music Store the clubs and most of the major hotels.

Mr. and Mrs. Tom May entertained with a delightful dinner party at the Racquet Club Saturday for a group of their friends. Fogelson (Greer Garson) who are enjoying an extended visit to the Club, Mr. and Mrs. Davis Factor, Mr. and Mrs. John Dunbar who made up a foursome with Mr. and Mrs. Theodore Rogers of Balboa, Mr. and Mrs. Jack Wrather, (Bonita Granville), Mr. and Mrs. Vincent Folbre, Mr. and Mrs. Fred Clamette, and Mr. and Mrs. Arthur Keating.

Annual Shadow Mountain Ball Formal in Fashion

The Mayfair vogue was the order of the evening, Saturday, March 1st, at the Shadow Mountain Club's fourth annual Shadow Ball, one of the few formal events held at the Palm Desert club during an otherwise informal season of activity. Black and white, formal and fashionable, was the dress of the gay party-goers, the decor of appointments, including the black and white candles that reflected the scene in all its lovely savoire faire of finery. Even the music of the Todd's Trio interpreted the mood of the evening and carried the dancers along with the rhythms of three-quarter time. Extra-special was the

alternating Latin trio with music south of the border.

Many of those in attendance hosted large parties. Among those were the George E. Camerons, Mrs. Palm Springs; Whalen H. Crawford, El Monte; Fred J. Fletchers, Palm Desert; the Howard Krums, Polly D'Ardis Wilson, the Eddie Shipstads, Walter McCreerys.

Others prominently noted were SMC Board Governor, Carl B. Squier and his wife of movie fame, June Knight; Dr. and Mrs. E. M. Harvey, the G. Howard Hutchins who had as their guests, Mr. and Mrs. H. Morgan Craft and Mr. and Mrs. Wade Bennett, both bankers from Hollywood, and Mr. and Mrs. H. DeVoe Rea; the Rembert Trezevants, and their guests, Mr. and Mrs. Charles O. Rich; the R. D. Jones, David W. Hamiltons, Jule Hamacheks, Erik Berquist, George Earnsts, Bernhard Nymans, L. T. Steeles, Dr. and Mrs. Robert Woods, the Glen Gurleys and their guests, Dr. and Mrs. Lester Johnson, famous surgeon from San Jose; the Harrison B. Fishers, O. L. Wallers, F. A. Whitakers, Fred Kreuschers and many more.

This is the night that has become traditional at the Shadow Mountain Club and with its passing the club returns to casual, but fashionable style of dress.

Coming and Going

By AILEEN HAGERTY

Former winter colonists for a number of years, Mr. and Mrs. Orville Routh have returned from Los Angeles, where they have been spending the greater part of their time for the past ten years. They are getting settled in their new Smoke Tree Ranch home and were joined recently by their son, Robert Routh. Next week they will have as house guests Mr. and Mrs. Chester Davis, San Marino; the Emory Prieses, Beverly Hills and Mrs. James Norman Hall, who lives in Tahiti, South Sea Islands.

Mrs. Hall, widow of the author of "Munity On The Bounty" and other adventure stories, is visiting her son, Conrad Hall in Beverly Hills. Friendship of the Rouths and their expected guests dates back to their college days at Grinnell and all of them are looking forward to a reunion in the new home.

Call of the desert caused the Clarence Mitchells to prolong their visit when they came to spend a few days with the Raymond Wilsons, and then they decided to get a winter home in this area. They motored to Palm Desert one morning, bought a home near Shadow Mountain Club and now are busy planning decor and furnishings for the house. The Mitchells, formerly of Chicago, have been living in Santa Barbara for the past few years.

An annual visitor, Mrs. Ernest R. Behrend, Greenwich, Conn., is the house guest of her sister, Mrs. Charles F. Blue, 530 West Tahquitz.

After spending part of the winter in different parts of California, Mrs. Harold Bell Wright, widow of the noted author of Western stories, returned this week to her home on Morongo Road.

Dr. and Mrs. Henry L. Dollard, who have been living in Mrs. Wright's house, moved this week to their new ranch-style country home near Thunderbird Country Club.

Annual visitors to Palm Springs, Mrs. Verbena Hebbard and Mrs. Lucille Leimert, both of Beverly Hills, are having reunions with many of their Village friends since their recent arrival. They are occupying a cottage at 445 West Alejo Road.

Shortly after moving to their new home, Mr. and Mrs. Lynn Briggs had as their first house guests, Mr. and Mrs. Guy Gilchrist of San Francisco. Mr. and Mrs. Briggs who divided their time between Hollywood and Palm Springs, have been living on San Lorenzo and recently moved to their new address, 1647 South Calle Marcus.

While here on their annual visit, Mr. and Mrs. Wilbur A. Dillman, Minneapolis, Minn., have with them their daughter, Mrs. Meredith Burgess Hoover, from the same city. Mr. Dillman is a retired official of the Dayton Company, Minneapolis, and they plan to make their home in California. While in the Vil-

Clubwomen Name Slate for New Year

A short but very important business meeting of the Palms Springs Woman's Club was held last Monday afternoon March 3, when the slate of officers and board members for next season was presented by the chairman of the nominating committee, Mrs. John Lapp. Officers: Mrs. Solle Manasse, president, Mrs. Claude Yerkes vice - president, Mrs. Russell Denney, recording secretary, Mrs. F. G. Ewing, corresponding secretary, Mrs. Claire B. Kinne, treasurer. Chairman: Mrs. Chester Moornton, year book, Mrs. Bell Hager, house, Mrs. Albert H. Renier, membership, Mrs. Walter J. Martin, Press, Mrs. Randall Henderson, program, Mrs. Wayne Wilson ways and means, Mrs. J. G. Walker, civics affairs, Mrs. Vahan Alekian and Mrs. George Mannington school scholarship fund. They will be elected at the "closed" business meeting of the club March 17, which Mrs. Charles Glass, president, urged all members to attend stating that she had a "surprise" to intrigue their attendance.

The art chairman, Mrs. Claude Yerkes arranged a showing of the paintings of Jeanne Coutts Anguiano and her husband Mele. In the absence of Mrs. Yerkes due to illness Mrs. James Wolseth gave a brief life history of the artists stating that Jeanne belonged particularly to Palm Springs where her father Gordon Coutts is associated with its early day history. A Royal Academy painter he was his daughters' only tutor in all subjects. Born in Granada, Spain and coming to Palm Springs at the age of two, her early life was spent here and in Mexico and Europe. Two years ago she was living in Acapulco where she married, Mr. Mele Anguiano is a selftaught artist, painting water color marine scenes of fish under water and Mexican street scenes in the primitive manner. Jeanne paints in sepia and dark tones, strong figures coming out of dark backgrounds something in the manner of her father's Moorish figures.

Aviation Film Shown Desert Flying Fans

Aviation being a major interest of the Percy Whitesides they gave some of their friends an opportunity to see a color-sound movie, "Yours To Fly," at Desert Air Park Wednesday, in co-operation with officials of the park, which is shown in the picture. As a prelude to the picture exhibit, cocktails were served by the Whitesides in their home. Aviation is a family affair with the Whitesides, and five of them have pilots' licenses. Percy Whiteside, publisher of the Palm Springs News, has had a license since '38 and for years he has owned a plane that he uses for business and pleasure trips. The versatile Maxine, his wife, received her license in '42 and is one of the aviators taking part in the picture, produced by Ryan Aeronautical company. Also appearing in the picture are Arthur Godfrey, Jon Hall, Frances Langford and Robert Young, as well as a number of other plane owners. Scenes in different parts of California, as well

as New York state and the Midwest are shown in the interesting picture.

Richard Whiteside, son of the Percy Whitesides, is a commercial pilot, and their son-in-law and daughter, Billie and Betty Lou Halley, are aviation enthusiasts and each has a license.

Invitations to the Wednesday picture showing, read: "Calling All Pilots and Aviation Enthusiasts."

AT HOWARD MANOR—Fashions in Furs drew an interested and delighted throng to Howard Manor last Sunday. One of the many beautiful models is shown above.

Outstanding Fur Fashion Show at Howard Manor

Bob Howard's beautiful Howard Manor was the scene last Sunday of one of the most outstanding fashion shows held in Palm Springs this season. Over two hundred Villagers and visitors filled the spacious poolside patio to witness the colorful event.

The featured showings were furs from the shop of the noted furrier, Maurice Gebber, Ruser Jewels and beaded sweaters from Andrea of Palm Springs. Also shown were Spanish creations from Maya de Mexico and Kenneth Hopkins' delightful hats.

Jan Rubini, internationally known violinist, started the show with a musical and astonished his listeners by having his nine year old son, Michele, follow him with a piano concerto.

Introduced from ringside were Mr. and Mrs. George Hearst, the new groom and bride (welcome

to Palm Springs), Cliff Henderson from the Shadow Mountain Club with Edith Letta and Korean war veteran, Lt. Hugh Cover with Ann Macomber, David May, Rita Lynch, Johnny Myer, Greta Thysen and Hollywood's discoverer of beautiful girls N.T.G.

Commentary on the show was given by the charming Caroline Leonetti. Her lovely models displayed some of the most beautiful furs shown this year—ember sapphire, royal pastel and the prize winning breath of spring. Enhancing the beautiful furs were jewels by Ruser who has combined fresh water pearls with gold, platinum and diamonds as no artisan since Celink. Climaxing the affair were two furs designed especially for Palm Springs wear, leopard and mink bathing suits.

From Page One—MORE ABOUT LEAGUE

City in permitting the appointee to the Office of City Attorney to engage in private practice has resulted in potential embarrassment to the City Attorney himself in situations where the City's legal adviser is also legal adviser at one and the same time—directly or indirectly—to persons or firms soliciting the City Council in municipal matters, creating a condition inimical to the best interests of the City and its taxpayers, and

WHEREAS, it is common knowledge that many of the ordinances and municipal regulations of the City of Palm Springs are in conflict and in need of extensive codification, as well as clarification and amendment to better suit present conditions within the City, and

WHEREAS, City government has become the largest business in Palm Springs—a \$20,000,000 non-profit corporation owned by the public of our City—it more than justifies having a full-time and exclusive legal representative, and is in growing need of the same as each day passes.

NOW, THEREFORE, BE IT RESOLVED by the Palm Springs Civic League by authority of its Board of Directors that the above matters be called directly to the attention of the City Council at its next official meeting, and that said City Clerk be requested to read this communication in open meeting to Council members with our strongest recommendation that definite and favorable action be taken immediately by the Council, placing the office of City Attorney on an exclusive and full-time basis, to the end of obtaining better City government.

BE IT FURTHER RESOLVED, that copies of this resolution be supplied to the local press and radio for full dissemination to the public.

In answering questions that followed her talk, Miss Stedman expressed the opinion that everywhere the attitude toward high taxes is greatly influenced by how tax money is spent. It seems that even patriotic folks cannot see the justice of earning money and having it taken away from them to provide leisure for loafers.

"During the years that the Socialists were in power they devoted so much attention to dividing what there was that they overlooked possibilities of increasing production, and the results were disastrous." Also she expressed the opinion that outside help is essential to England at this time to enable the Conservatives to carry on.

IN GERMANY she found that production is increasing at a great pace because the people of that country seem to take pride in their work and want to be self-sustaining. The result is that peoples of former enemy countries want to buy German machinery and other products because they are an economic aid to the buyers.

Greece and some of the other smaller countries are benefiting

Tariff obstacles make it impossible for them to send many of their products to this country, and also they are handicapped by transportation and tariff restrictions of other Western countries. "The Japanese are friendly to Americans and grateful for their technical advice and help given to aid them in increasing the products of their country," says Miss Stedman. In commenting on other Eastern countries she expressed the opinion that they are influenced by economics more than by politics in their affiliations with other nations.

Polio Benefit Show Nets \$5000 for Kenny Hospital

Earle Strebe of Strebe Theatre can rightfully take a big bow with the tremendous success of last Sunday night's Sister Kenny Foundation benefit show at the Plaza Theatre.

The huge benefit show was a complete sell out long before the theatre doors opened and the foundation's benefit grossed more than \$5,000 from the night event with additional checks still coming in.

TOP HOLLYWOOD stars and entertainers can also take a great big bow for giving so heartily of their time and talents for such a worthy cause.

Heading the huge benefit show were Bob Hope who did his regular weekly broadcast as well as continuing on for more than two hours, his guest star Bing Crosby, Ill. Averback, Les Brown's band, Marilyn Maxwell, Jack Benny, Phil Harris, Greer Garson, Mayor Charles Farrell and a host of other stars.

CONCEDED one of the most successful benefits yet staged in Palm Springs the show was roundly applauded and thoroughly enjoyed by the hundreds of villagers and visitors.

Strebe closed his Plaza Theatre to aid in presenting the event and gave his time and effort to its success and said he would like to compliment the fire department in helping him make use of "rubber walls" in trying to get all in that was possible. Many hundreds were turned away during the evening.

home of Mrs. Edwin Booz on Alejo road. Although Mrs. Bostick assured her audience that she gathered most of her materials from trash heaps, alleys and city parks, the beautiful effects that she created with pieces of driftwood, date blossoms, and immature palm fronds, belied her statement.

For best results in dehydrating weeds and blossoms, Mrs. Bostick advised hanging them upside down in a dark room. The best way to preserve leaves is to soak them in glycerine — this turns them to a lovely brown and prevents them from curling. In her demonstration of arrangements, Miss Bostick used sumac, cotton bolls, wild buckwheat, wild dock, dried Jacaranda pods, okra, castor bean leaves, wax flowers, wood and stone. She achieved a nice balance of composition, color and texture.

Prior to the demonstration, George Manington, President of the Garden club, conducted a short meeting and announced the date of the annual Flower Show. It will be held on Saturday, March 29 at Kelley's Furniture Store in the Center. The committee in charge will con-

Hollywood Man Plans New Hotel on Highway 111

Jack Wrather of Hollywood became the owner of eight and one half acres of land adjoining Biltmore, hotel and La Paz guest ranch and plans construction of an ultra modern hotel. The purchase was made from Phil Boyd and Frank Ben-Russell Wade of the Reid-Wade office.

Plans call for 12 different buildings with 30 units, including kitchenettes at an approximate cost of \$300,000. Wrather, formerly of Dallas, Texas, where he was active in the oil business, is now engaged in the production of motion pictures and television shows in Hollywood. Two of which recently starred his wife, Bonita Granville.

Dart Enlarges Deep Well Tract to Fifty Acres

Bogges, Incorporated, announced this week the sale of nine acres of property in the Deep Well area to Harry A. Dart of Palm Springs and Detroit.

The property was owned by Mr. and Mrs. Alger Sheldon of Grosse Point, Mich., and rounds out Dart's holdings in Deep Well to 50 acres. The purchase is the largest sale of unimproved property within the city limits of Palm Springs, and represents in excess of \$150,000.

Dart said today that he will add the Sheldon property to the tract he is sub-dividing known as Deep Well Colony Estates. The property will be sub-divided as a unified development along informal, ranch type lines typically created for desert living.

Live Better for Less Say Amana Freezer Sponsors

Do you want to live better for less?

That universal desire on the part of housewives is now within their reach, according to a plan being presented to Villagers by the Amana Freezer company.

Rolf Beaumonte and Hal Shideler in charge of the display room at 266 North Palm Canyon drive declare that they can show any one interested that they can live for less during these days of inflation with steaks selling in the higher brackets and other foods at like prices.

Roughly the plan is as follows: A Villager either visits the Amana freezer company on Palm Canyon Drive or telephones asking for a representative to call at the home.

At show rooms the type and size of freezer most suitable for the size of the family of the person interested is selected. Once that is determined, a good consultant steps into the picture and discusses food budgets, nutrition and diets if necessary.

FROM THIS conference a food budget is determined. Then it will be a matter of how many steaks the family should have over a given period of time, chicken, poultry, frozen fruits and vegetables.

Most important of all, according to Beaumonte and Shideler the food will come properly packaged for the deep freezer and will be of the highest quality obtainable on the market today at wholesale prices.

The most important announcement of all made by Beaumonte and Shideler, in the opinion of many Villagers, is the "food tie-up" made with the Desert Provision Company, known throughout the desert area as the purveyors of the finest quality of foods.

"Purchasers of Amana Freezers will have their food delivered to their doors," it was declared. "And that service will continue as long as the purveyors of an Amana freezer desire. For life if necessary," said Beaumonte.

Police Reserve, Mounties to be Honored by Council

A "Recognition Dinner" for members of the Volunteer police service groups—the Police Reserve and the Mounted Police will be held Tuesday, March 25, at Palm Springs Tennis club.

City Manager Russell Rink made this announcement today after city council invited members of these organizations to be guests, with their wives, in appreciation of their great assistance to the city.

"Members of the Police Reserve put in several thousand hours of patrol last year," Manager Rink said, "beside assisting at week-ends and during special events. The city could not afford to maintain a police force large enough to handle the crowds during peak periods."

"In addition, the members who are uniformed half at their own expense and half by the city."

Five Homes Sold at Palm Desert in Single Week

Ranging in selling price from \$12,500 to \$35,000, five homes, representing a total value of \$101,000, were sold in Palm Desert during the last week of February, placing real estate activity in the desert community 98% ahead of the same week last year.

Three of the homes sold are in Unit 3, 1 in unit 6 and 1 in unit 1 of the Palm Desert tract. Most of the new owners have already occupied their newly acquired homes.

Apparently activity in Palm Desert and immediate vicinity is the reverse of the current tide, since real estate sales in the local, State-wide and national areas is said to have fallen off 20% recently.

Sales of the five homes were handled by the office of Brooks and Moore, Edith Eddy Ward and Carl Henderson, all realtors of Palm Desert.

"With the best of seasonal activity immediately ahead, indications augur well for sales in real estate far ahead of last year," so stated Cliff W. Henderson, founder of the Palm Desert project and the Shadow Mountain Club who expressed much satisfaction with the trend of sales in his area.

Toastmistresses Clubs Meet Here

International Toastmistress council of the southwest region met in regular monthly session at La Paz Guest ranch Monday evening with 38 in attendance, including members of Palm Springs Toastmistress club.

Following the business session, Program Chairman Olivia Marchand of the Glendora club presented the program.

Five members of the San Bernardino club, forming a panel, showed ways of developing a topic into a speech. Seven members of the Corona club presented a humorous demonstration of how not to conduct a club meeting according to parliamentary rules.

Large National Magazine Plans Village Feature

Western States Editor for Better Homes & Gardens magazine, Miss Elizabeth Gilrain, visited Palm Springs this week to look at the new homes being completed in the new Deep Well Ranch Estates section. Miss Gilrain was not only impressed with the growth of Palm Springs but noticed a change in the trend of architecture here. Her magazine, with a circulation of over three million, is devoted to small homes and gardens, but it has been a policy of the magazine to avoid regional architecture and to use homes which could be accommodated to other areas. Because, in the past, Palm Springs architecture has been specialized, it has not been featured in Better Homes & Gardens, Miss Gilrain said.

Although the new homes at the Deep Well Ranch Estates are ideal for desert living, they are not too stylized to be used in other sections of the country, she said.

A feature article by Miss Gilrain on Palm Springs and Deep Well Ranch Estates will appear

Sailors, Accused of Stealing Auto, Released to Navy

Richard C. Ribbe, 20, and Edward F. Novak, 20, two navy "boots" were under naval discipline in San Diego this week following a weekend in Palm Springs which was decidedly spoiled by an unauthorized ride in a Cadillac belonging to Mrs. Dean Martin, wife of the radio comedian.

Mrs. Martin had parked her convertible before a local store and left it unlocked. She was

back in five minutes but the car was gone.

Constable Fred Duffy, who was investigating the case with Sgt. Jim Maynard and Officer Dale Thompson, spotted the car on Indian avenue late Friday night and the two sailors were taken into custody shortly after.

They were originally charged with grand theft, auto, but the charge was later reduced and the two men were turned over to navy authorities for discipline.

SOUTHERN FRIED CHICKEN—It was Villagers' night at George Dennis' food and soda fountain in the Palm Springs Drug and Import company last Thursday night and it will be the same tonight, the proprietor announced. Pictured above Dennis, Villager old-timer, "dressed-up" in a false mustache chit-chats with Al Weingarten, third from the right. "I ran plumb out of chickens, so many came, but it won't happen tonight," Dennis said. (Sun Photo).

Sally Rand Show at Chi Chi Proves Highly Entertaining

The show is a good one. It may even be declared as excellent and perhaps the best well-balanced bill of entertainment shown in the Starlite Room of the Chi Chi this season. Sally Rand's production of beautiful girls in stunning costumes and then Miss Rand herself doing her bit smacks well of Broadway and the big time shows that are shown there.

THE COMEDY relief and more than pleasing to the customers is half-pint Willie Shore in his third seasonal stint under the spotlights in the Starlite Room. There is a rapid change of pace in Miss Rand's part of the show and when she comes out to do her famous fan dance the audience is eager and waiting. They are not disappointed either because the years since Sally first reached the highest rung of success, has dealt more than kindly with her and she is beautiful of face and of course

—let's not forget, the body beautiful.

HER SHOW must be seen in order to complete an exciting evening out.

As for Willie Shore, that little song and dance man is better than ever. He's a "sweetheart" too in his banter across the footlights with the ringsiders and his comedy laugh provoking, wholesome, thoroughly welcome in Palm Springs.

Listening to the telephone ringing at the Chi Chi, reservations that came in from winter guests and home owners here invariably asked if Willie Shore was really on the bill and when assured, the attendant invariably scribbled a memo down for the headwaiter indicating that the person on the telephone was sure to be down for the first or second show.

Sally Rand and Willie Shore is an entertainment combination hard to beat and that statement is indicated by the capacity crowds in nightly attendance in the Starlite Room.

Helen Boice Big Drawing Card

Helen Boice, the Del Tahquitz's famed comedienne of song and patter, is really proving herself to be one of the Village's better attractions. Miss Boice who appears nightly in the popular Bolero Room of the resort, has since her opening last week, kept drawing the crowds down to the Del Tahquitz. Fresh from 20 weeks at the Bar of Music in Los Angeles, where she broke all attendance records, Miss Boice is

AT THE S&S—Chuck Miller's Trio currently appearing at the Saddle and Sirlon.

Chuck Miller's Trio Appearing at Dave Lyon's

They broke all attendance records in Honolulu, Seattle, Portland, San Francisco and Kansas City and Dave Lyons, owner of the Saddle and Sirlon believes that Chuck Miller's Trio will do the same here in Palm Springs.

The versatile musical combination currently the main attraction at that popular night spot are keeping the cash paying customers rooted to their seats around tables in the Brand Room. There's a good reason for this condition too.

The trio is credited with playing about the most danceable music in the Village today before swinging into some of the zaniest antics three musicians have ever been seen doing.

Consisting of a piano with Chuck Miller at the keys, the leader also doubles in rich baritone solo songs; a bass viol with Bob Douglass and Karl Smykil at the drums. The latter two also pitch in with individual solos and then all three blend their voices in harmony.

Interspersed, the trio sprinkle their musical renditions with mimicry and other comic antics. "Like several other musical combinations that have played the Saddle and Sirlon at Palm Springs, I believe the Chuck Miller Trio will hit the top of the entertainment world within the next few months," said Lyons.

AT DEL TAHQUITZ—Shown enjoying the fun in the Del Tahquitz Bolero Room recently are Mrs. Harold Peary; Helen Boice who is headlining the show at the resort; Tom Boice and Harold Peary, famed as the Great Gildersleeve. (Carroll Photo).

Cass County Boys Coming to Rogers

Gene Autry isn't going to be at Rogers Ranch Club next Tuesday evening but his musical aggregation, the Cass County Boys that appear with him on screen and radio, will.

That was the announcement made yesterday by Pete Pettito, right hand bowler to Trav Rogers co-owner of the club.

The Cass County Boys will be on hand to entertain at Rogers Ranch Club for the remainder of the season. They have just completed a nation wide tour "but they're not coming to Palm Springs for a winter vacation," declared Pettito. "They're going to play their heads off at the club on nights. And that's that!" declared Pete.

Playhouse to Remain Until Late in April

Producer Herb Rogers announces that the Playhouse season will be extended three weeks, bringing the closing date up to April 20, because of the

appreciative manner in which his plays are being received. He said that this is his best season in the Village and expressed appreciation for the response his players have received.

This week's offering is "Death of a Salesman," Broadway prize winning play, with Bernard Hughes winning new laurels for himself in the leading role. Next week's offering is "Good Fairy," in which Helen Stenborg will take the lead.

WRONG ROAD—They took the wrong road from Las Vegas and thereby landed in trouble in Palm Springs. Grace Rice, above, told officer John Herrera in explaining how she and a male companion became involved in a shop-lifting episode in the Village. (Sun Photo).

TWO HELD FOR RAIDS ON STORES IN VILLAGE

The lost art of shop-lifting was revived for a short time last weekend in Palm Springs when a colored couple, enroute to Los Angeles, visited the town for a few hours to "pick up a few things".

On a vacation trip from Chicago, with stopovers in Oklahoma City and Las Vegas, Grace

Rice, 41, and Edward Chambers, 37, began their "pick-up" at Bullocks but fled when suspicion was aroused. Crossing the street to Desmond's Grace chose a three quarter length \$125.00 all wool coat and changed in the ladies dressing room.

ALERTED by Bullock's, Capt. Johnson and Officer John Herrera spotted the suspect's car in front of Adrian's shop on South Palm Canyon. Throughout preliminary questioning the woman chewed gum . . . at least it seemed that way until she finally revealed it was a Desmond's label from the stolen coat.

Police said search of the suspect's car found over \$600. of stolen merchandise in men's and woman's clothing from shops in Oklahoma City and Las Vegas.

SEVERAL HOURS questioning at police headquarters revealed that Chambers had been persuaded by Miss Rice to get a leave of absence from his post office job in Chicago and driving her west on a vacation.

She admitted her record and experience and displayed all the trappings of oversized pocket

THOROUGH STUDY of Secession Before Action

Desert County committee of the Coachella Valley Advisory Planning committee was fully organized today and ready to begin its survey of the advisability of secession from Riverside county.

At a meeting held at Coachella last week Robert Groves, manager of La Quinta hotel was chosen chairman and Herbert Ecclestone, Desert Hot Springs, Fred Roberge, Banning and Grady Seltzer, Blythe, co-chairmen.

THOROUGH STUDY of the plan to form a separate county was the theme of speakers at the meeting with all cautioning against hasty action.

Clarence Washburn, president of the CVAPC, who called the meeting, sounded the keynote when he said no campaign for secession should be started until all facts are ascertained.

Supervisor Homer Varner said that if action is to be taken it should be taken soon.

HE POINTED OUT that Riverside county is planning to vote bonds for needed additions to public buildings and if the desert withdraws after these bonds are voted it still will have to pay its share.

At the regular CVAPC meeting the next night, secession was brought up briefly when it was asked whether the desert area of San Bernardino county had been approached on joining with the desert area of Riverside county in the proposal for a Desert county.

ets and coat filled straps used in her art, Police said.

They wouldn't have been here they said but they took the wrong road out of Las Vegas, Chambers said.

Here is a community that was planned for a "heap o' living." That may be why it has grown so swiftly, continues to grow—and grow so soundly.

Added to the basic factors that already existed—year 'round, extra sunshine, beautiful surroundings, plentiful water, healthful climate—were the vision, foresight and planning that have attracted a group of gracious home-owners enjoying the same full measure of wonderful living.

There are sound reasons why Palm Desert is America's fastest growing desert community. Investigate the "heap o' living" waiting here for you.

Thorough Study of Secession Before Action

Desert County committee of the Coachella Valley Advisory Planning committee was fully organized today and ready to begin its survey of the advisability of secession from Riverside county.

At a meeting held at Coachella last week Robert Groves, manager of La Quinta hotel was chosen chairman and Herbert Ecclestone, Desert Hot Springs, Fred Roberge, Banning and Grady Seltzer, Blythe, co-chairmen.

THOROUGH STUDY of the plan to form a separate county was the theme of speakers at the meeting with all cautioning against hasty action.

Clarence Washburn, president of the CVAPC, who called the meeting, sounded the keynote when he said no campaign for secession should be started until all facts are ascertained.

Supervisor Homer Varner said that if action is to be taken it should be taken soon.

HE POINTED OUT that Riverside county is planning to vote bonds for needed additions to public buildings and if the desert withdraws after these bonds are voted it still will have to pay its share.

At the regular CVAPC meeting the next night, secession was brought up briefly when it was asked whether the desert area of San Bernardino county had been approached on joining with the desert area of Riverside county in the proposal for a Desert county.

Noted New Jersey Senator Guest at Hidden Springs

Honorable Albert W. Hawkes with Mrs. Hawkes has been spending a restful month at Hidden Springs Ranch, visited frequently by their daughter, Mrs. Morgan Padelford and Mr. Padelford, with the Senator's grandchildren, Francis Anne and Charles Padelford, all of Pasadena. Senator Hawkes served in the United States Senate from 1943 to 1949 from New Jersey. He is past president of the United States chamber of commerce, and is now a member of the senior council of that body.

Senator Hawkes said that he is firmly convinced that the fundamental and inescapable issue before the American people at this time is Americanism versus Socialism. Hidden Springs Club, was the setting for a family dinner party Sunday when the Hawkes' guests included the Allan Lindquist, Mr. and Mrs. Conrad Troll, and Mr. and Mrs. R. E. Hallberg all of Pasadena with Mr. and Mrs. Padelford assisting as hosts.

Guests and members of the club were given a treat after the dinner hour when the Mario Chamlee, Hidden Springs, and Allan Lindquist renewed a friendship begun many years ago when they both were appearing concurrently in Broadway musicals. Intimate stories of celebrities charmed listeners into the wee hours, with impromptu music interspersed provided by Ruth Miller Chamlee, soprano, accompanying herself at the piano and playing accompaniments for both Chamlee and Lindquist in solo numbers.

Senator and Mrs. Hawkes will leave the Ranch this week for the east, where the senator will attend to pressing business affairs after which they will return to the Ranch for a month during wild flower season.

Call out the Reserves with a touch of your toe!

Most cars lead a double life. A good part of the time, they're running errands, taking children to school, taking women to stores, taking men to work, taking family and friends to clubs and social functions. It doesn't call for a very great output of horsepower for duties like these. But there are times when you want a car that can do vastly more, and these are the times when you'll want what this year's **ROADMASTER** has to offer. Beneath its proud hood, there's a Fireball 8 Engine—a valve-in-head that can let loose 170 lively horsepower when needed. And—alongside this engine—there's also an Airpower carburetor which thriflily feeds fuel and air through two smaller-than-usual barrels for normal driving—which means that you now use less gas at 40 than you'd formerly use at 30. But there are two barrels in reserve—waiting for you to call them into action—and they let loose a soaring rush of power that sinks your shoulders back into the seat cushion, swoops you past a truck—out of a tight spot—up a hill—sets your speedometer needle to registering

added miles more than twice as fast as your watch can tick off the seconds. This is an experience you certainly should know firsthand. You should also know how Buick's Power Steering* provides a helping hand in slow-motion maneuvers—lets you keep the "feel" of the car in straightaway driving. And just for good measure, this '52 **ROADMASTER** also has the biggest brakes of any postwar Buick—the greatest trunk space since spare tires moved off the front fenders—a warning light that glows when the parking brake is set—and to top it all, the smartest interior fabrics that Buick has ever offered. When are you coming in to look this distinguished performer over? We urge you to make it soon. Equipment, accessories, trim and models are subject to change without notice. *Optional at extra cost on **ROADMASTER** only.

Major Haxton Given Three Medals in Day

Villagers' Son
Highly Honored at
Korean Air Base

Marine Major Floyd C. Haxton of Palm Springs had three medals pinned on him in a single ceremony recently at the 1st Marine Air Wing base on Korea, according to word from the 1st Marine Aircraft wing at San Francisco.

The major, now operations officer for the 1st Marine Air Wing's Group 12, received the Silver Star, and Gold Stars in lieu of his fourth and fifth Distinguished Flying Crosses, from Col. Richard C. Mangrum, commanding officer of Marine Air Group 12. The awards were made for the major's actions against the Communist enemy as a night fighter pilot with the 1st Wing's "Flying Nightmares" squadron.

THE SILVER STAR was awarded for Haxton's "conspicuous gallantry and intrepidity" during a night intruder mission over the enemy supply ceater of Singsan.

"Skinning at minimum safe altitudes above the extremely mountainous terrain, he discovered a large motor convoy traveling a road which wound furiously through a precipitous defile," the citation accompanying the medal reads.

THE OFFICER was credited with using the murky light from a flare plane accompanying him to dive into the chasm to attack the convoy. Despite a continuous barrage of intense anti-aircraft fire, he reduced 20 of the Red supply trucks to masses of twisted, flaming wreckage. In winning the award for his fourth DFC, the major attacked another convoy in the same area to knock out one tank and two trucks and extensively damaging two more tanks and at least six trucks.

SEARCHING out more Red convoy supply trucks in the same area, Haxton caught another convoy in a deep inaccessible canyon to knock out six and damage five more. He was seeking out more of the fleeing vehicles, when a projectile struck the canopy of his aircraft and although he was wounded by the flying fragments, he was able to return to his base and make a safe night landing.

The major, a career Marine and a combat veteran of World War II's Pacific campaigns, is the son of Mr. and Mrs. Thomas P. Haxton, Palm Springs. His wife, Wilma, and their three children, William, 5, James, 3 and Robert, 1, are living at Havelock, N. C.

Noted Aviatrix Registers GOP to Vote for Ike

Jacqueline Cochran, famed aviatrix, often rumored as a Democratic candidate for congress, said last week that she had registered at Indio as a Republican.

"I want to vote for General Ike Eisenhower in the June primary," she said. "It has taken me a long time to decide what political party I want to belong to, but I made up my mind today."

SHE CONFIRMED the rumors that she had been asked by Democratic committeemen from the congressional district to become a candidate on the Democratic ticket to oppose Congressman John Phillips.

"I told them I didn't think I could because I was not a Democrat or a Republican. The only thing I was sure of was that I didn't like what was going on in the government," she said.

Later, she said, she asked to take part in the Eisenhower movement because "If he is elected he'll be the second Lincoln."

"I HOPE SO MUCH that he'll get nominated. There's no doubt about his election," she said.

The aviatrix-wife of millionaire Floyd Odlum only recently returned from a two-day visit with General and Mrs. Eisenhower in France.

"I flew over on the ninth of February and showed the General and Mrs. Eisenhower films of the Eisenhower rally in Madison Square Gardens which I co-chaired," she said.

"I found him deeply touched . . . and humble . . . and almost unbelieving when he saw the pictures of the tremendous ovation given him at that rally."

ORANGE SHOW—Miss Paula Fagette, of San Bernardino, queen of the 1952 National Orange Show, extends an invitation to Stanley Wilson, publisher of the Mill Valley Record and newly-elected president of the California Newspaper Publishers association, to attend the annual Orange Show press day at San Bernardino Saturday. CNPA press day is just one of the many features to be presented during the show which opens an 11-day run this morning. (CNPA Photo).

1952 National Orange Show Opens Doors this Morning

Famed throughout the nation as the glittering showcase of the vast Southern California citrus industry the 1952 National Orange Show will swing wide its doors in San Bernardino this morning for eleven action-packed days which are expected to attract more than 400,000 visitors.

Surpassing any previous exposition in its 36 years existence, the golden citrus classic will be virtually a brand new spectacle compared to the highly successful shows which have gone on before, according to Leslie I. Harris, president of the 1952 classic.

TURNSTILES WILL START clicking at 10 a.m. today and this evening a gigantic downtown parade will be held, replete with bands, community queens and balloon novelties.

The giant parade will be headed by Paula Fagette, 17-year-old San Bernardino high school girl, who was selected as the 1952 "Miss National Orange Show."

Hundreds of thousands of glittering oranges have been cleverly used to create magic displays carrying out the 1952 exposition's theme, "The Circus Comes To Town." Southern California communities have cooperated in making the feature exhibits more entrancing than ever before with exhibits depicting various phases of the glamorous circus.

TOPPING THE LIST of entertainment for the thousands of visitors will be popular television stars including Ina Ray Hutton and her band; Ada Leonard, Spade Cooley, Frank De Vol, Jan Garber and Lawrence Welk.

Palm Desert Sunbeams

By EDITH EDDY WARD

(Note: From time to time, visitors have been "Guest-writers" for this column. This week, we have Charles Mayer of Hutchinson, Kansas, giving his impression of Palm Desert.)

A New Horizon—Palm Desert! It is early morning, the sun is just beginning to show its first light, way over in the east, behind the mountains which are in deep silhouette with their tops clearly edged . . . as a scalloped pattern.

Suddenly . . . it is daylight, and there is unfolded to the early riser a vast expanse of sand . . . spreading out over many square miles . . . fascinating and different! All this laid down between snow-capped peaks of great height and majesty.

Here one receives a sermon, and inwardly says a prayer . . . of gratitude.

The scoffer might say "imagine having to live in this God-forsaken place" . . . but to the one who gets the feel of it within him, there is something grand and big that only God could create . . . and for a purpose.

And, so he gave certain men and women the courage, the conviction and the strength to build in this seeming impossible desert . . . a livable, a living and a desirable place for people to come to live and visit—many to regain health from the beneficial warm sun and the cool, dry air—all to enjoy.

These capable men and women have studied and learned and worked; they have designed dwellings with comforts and luxuries; they, with typical American ingenuity, have planned and plotted this area, so that every home has the full benefit of this health-giving climate.

They have created a place for rest and quiet—for better living—and longer living. You live with fullness of satisfaction every hour of the day—outdoors or in.

And so, when the sun has completed its course across the heavens . . . going down with glowing colors, that no one can adequately describe, there comes a feeling of deep satisfaction because you have had the chance to experience it.

And with it, you have a full realization that "the Glory of God" and the cleverness of mankind can transform even a forbidding desert into a paradise.

They Do

"Give A Hoot" For Easy

Easy Roberts finally got rid of the noisy pigeons that used to whoop it up under his eaves.

He must have tried a dozen ways to scare them off. But no matter what he did, they would be right back cooing by his window the next morning.

Then Easy thought of an old stuffed owl he had in his attic. He propped it on the roof so the pigeons could see it. They left... and three hoot owls have taken their place. Easy swears the hooting is even worse than the cooing of the pigeons.

From where I sit, quite often a "bright idea" will turn out to be "not so bright" after all. That's why we should never be too cocksure of our ideas and opinions—but always try to keep an open mind. I believe a refreshing glass of beer is the best thirst-quencher—you may believe differently. But who's to say one's right and the other is wrong? Let's just practice tolerance. It'll save a lot of hootin' and hollerin'.

New Medical Discovery Makes Women Look Years Younger

Gourielli now combines hormones with amazing ozonides

There's an amazing new cream which promises to make you look as much as ten years younger than your age!

What is it? Where can you get it? It is Gourielli's new Estrolar Cream. No other cream contains ozonides plus the potent estrogenic hormones—science's new discovery for making you look years younger.

As you grow older, your skin becomes starved for oxygen and moisture. The lack of oxygen makes it discolored and flaky. The lack of moisture leads to wrinkles and unattractive flabbiness.

Now you can restore both these vital substances with one cream. The ozonides in Estrolar Cream actually give back true oxygen to your skin. This starts your blood circulating more freely in your skin. It tends also to lighten that sallow,

discolored look. It helps drive away the roughness and bumps of age—to give you the bright, blooming color of youth. (It even helps heal surface skin irritations overnight!)

The estrogenic hormones contained in Gourielli's Estrolar Cream sink deep into your inner skin and increase its ability to hold moisture. This in turn fills out your outer skin, helping it look firmer, fuller—and years younger. It actually tends to make wrinkles disappear!

If you massage Estrolar Cream on your face for only 10 minutes every night—you will see results in a few days! After less than 30 days, you will look as if ten years had dropped off your age.

This remarkable Estrolar Cream is available here and now. A 30-day supply costs \$5.00 plus tax.

WANTS TO COME BACK—Paul Richards, manager of the Chicago White Sox would like to return to the Village next Spring with his battery men. Above he is talking it over with Herman Reich, center, and Al Stutz, right, members of a Chamber of Commerce baseball committee. (Sun Photo).

White Sox May be Back in Village Next Spring

Chicago's White Sox, whose pitchers and catchers trained here last Spring but passed up the city for El Centro this year, want to come back to Palm Springs next Spring.

Al Stutz, local real estate man, named with Herman Reich by President Stanley Rosin of the Chamber of Commerce to negotiate with White Sox officials, said Paul Richards, manager of the club, wants to come back to Palm Springs next year with his battery men.

Richards was in town Friday conferring with Stutz and Reich and looking over accommodations here for the players. He expressed enthusiasm over the city as a training ground for his pitchers and catchers and said he would like to return, Richards was first here with Seattle in 1950 and with the White Sox in 1951.

"It's up to Frank Lane, general manager of the White Sox now," said Stutz yesterday.

Village Polo Team Defeats Long Beach Riders, 11 to 6

Second polo game of the season was played Sunday afternoon at the Polo grounds, after having been rained out Friday night.

Tom "Red" Guy, who is managing polo in Palm Springs soon, led 5 goals to lead his Palm Springs team to an 11 to 5 victory over Long Beach.

Guy was ably assisted by Frank Bogert of the Thunderbird club. Bogert is rapidly improving and scored several goals. Guy Campbell was the third man for Palm Springs.

PLAYING for Long Beach were Harry Marrell, Bill Campbell and Lloyd Phillips. Phillips is another Palm Springs man who is giving a good account of himself as a polo player.

The second game saw Val-

encia defeat San Bernardino 5 to 4 in a closely contested battle. Playing for Valencia were Al Larue, Bill Allen and M. L. Lightman while San Bernardino had Monte Montgomery and Bill Campbell.

THE THIRD POLO game of the current season will be played tomorrow night at 8 p.m. at the Polo grounds with Beverly Hills team playing Palm Springs. Carl Beal, president of West Coast Polo Association will head the Beverly Hills team with teammates Paul King, Tony Veen, "Red" Guy, Frank Bogert, Lloyd Phillips for Palm Springs. Friday night's referee is Cy Bartlett, top Hollywood writer-producer. Sunday afternoon at 2 p.m. will again see the polo games in action.

PITTSBURGH TUESDAY

as the one slugger in modern baseball with the chance of eventually topping Babe Ruth's record of 60 home runs in a single season, set with the New York Yankees in 1927.

SWEENEY WILL trot out several new Rainiers, including Archie Wilson, the speed-burning shortstop, who has played with the Oakland Aorns the past three years, having been purchased from the New York Giants during the winter. Wilson led the P.C.L. in hitting in 1949.

Another newcomer to Palm Springs' diamond is Joe Erraut, the hustling little catcher, who joined the Rainiers in mid-season last year and was one of the spark plugs in the successful battle for the pennant, the first Seattle had won since 1941.

THE PITCHING starters are expected to be Mel Queen, one of the top Pirate righthanders, while Jim Davis, the young southpaw who led the Pacific Coast time last year in earned run average is slated to get the Rainier call. Davis pitched winter baseball in Puerto Rico and is in top condition this early in training camp.

There will be a brief, but col-

orful opening ceremony Tuesday afternoon with Mayor Charles Farrell expected to shoot for his third straight base hit as the first batter of the Palm Springs season. He whacked base blows each of the past two springs.

OTHER PALM SPRINGS officials, as well as the Seattle diamond executive family—President Emil Sick, Vice President Torchy Torrance and General Manager Earl Sheeley—will participate. There may be a movie star included in the pre-game cast.

Bob Bennett, popular local announcer, will man the microphone for all Palm Springs games this spring.

The Pittsburgh-Seattle opener will be a real test for Palm Springs interest in baseball, with a big league club and the Pacific Coast League champions in action, improved attendance this spring to be a top magnet in luring the Rainiers to train here again in 1953.

Reserved tickets for the Pirate-Rainier engagement are now on sale at the Village Pharmacy, admission: \$1.50 with some box seats available at \$1.75, general admission \$1.25 and children 25 cents.

Last night 20-30 club, league winners, met Royal Aces with the winner to meet Crav's Profs in the final next Tuesday at 8 p.m. in the high school gym. Trophies will be awarded that night.

El Monte Freeway Plan Again Blocked

Hope for early action on settlement of the freeway route dispute at El Monte received another setback Monday when a resolution was introduced in the assembly to hold up construction of the highway through that city. State department of public works officials had said last week that the state's route had been approved and that work would start on the important link between the desert and coast at once.

Marathon to Close Racing Season at Arcadia Saturday

Santa Anita has an outstanding attraction in the \$50,000 San Juan Capistrano Handicap for 3-year olds and up at 1 1/4 miles to close its 15th and most pretentious racing season on Saturday. The event ranks as among America's leading marathon classics and thrills are promised as the horses break from the backstretch and race twice around past the stands.

Sweeney Likes Local Ball Park

Bill Sweeney, manager of the Seattle Rainiers, got himself in solid with the Chamber of Commerce almost as soon as he got here.

He hadn't been at the Polo Grounds long before he expressed himself.

"This is the best Spring training camp in America," he said, pulling no punches.

And that, in spite of the fact that it looked a bit rainy that first day.

Practically all the stars that raced in last week's \$100,000 guaranteed Santa Anita Handicap have been nominated and will go to the post if they came out of the gruelling race in condition. These are expected to be Hill Prince and Bed O' Roses, respective champion handicap horse and more of last season, along with the others that were contenders in the shorter distance of the Big 'Cap.

Santa Anita expects a parkful of fans in anticipation of seeing another sensational nose-and-nose duel that was staged in 1950 when Noor out-photed Citation at the wire. It was rated among the greatest races ever witnessed in American racing. Other outstanding horses like Head Play, Whopper, Seabiscuit,

MRS. O'LEARY'S COW

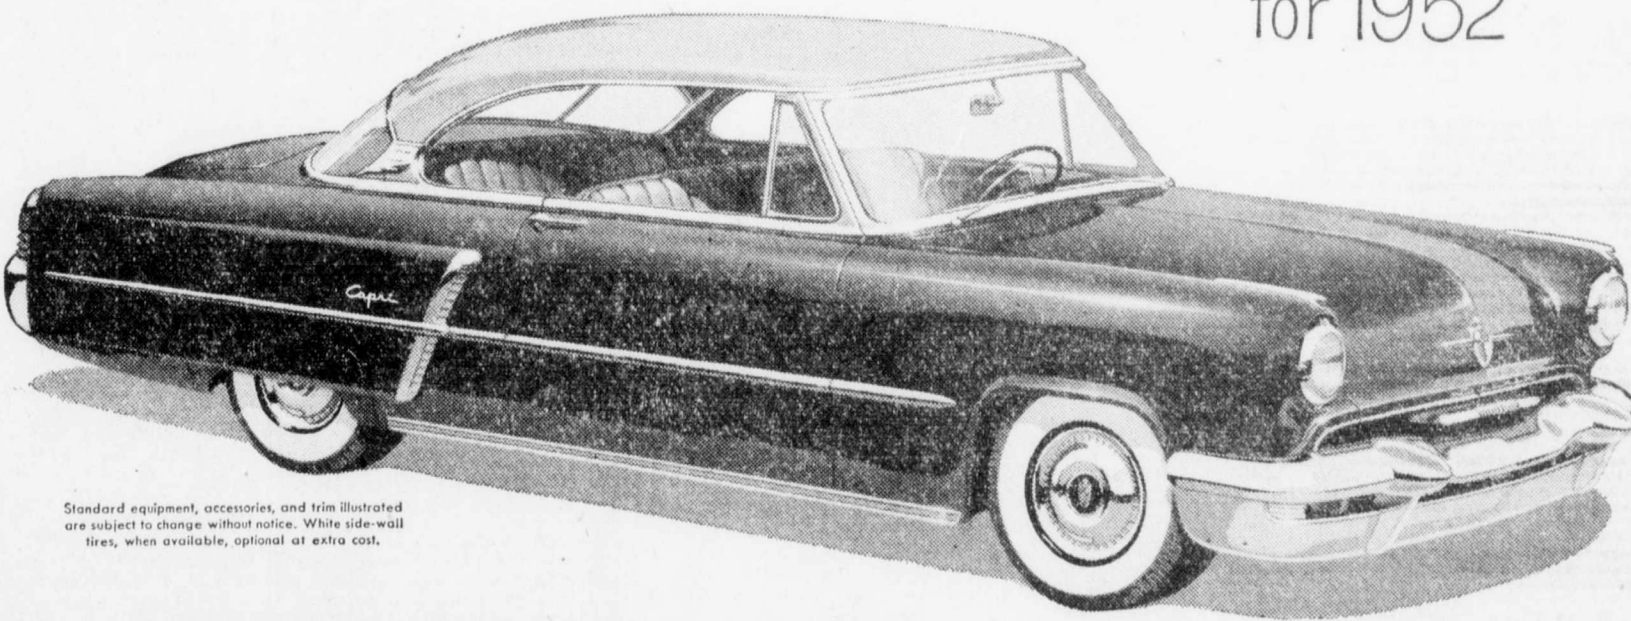

WAS BORN 75 YEARS TOO SOON!

History tells us that the disastrous Chicago fire was started by Mrs. O'Leary's cow who had an aversion to a lantern and kicked it into the straw. If that cow hadn't been born 75 years too soon, the fire never would have started. Today, since electricity has come to the farm and the barn, Bossie can kick high, wide, and handsome without being the cause of a three-alarm fire. Electricity has done away with the dangerous kerosene and gas lights. Proper wiring and adequate lighting not only mean better lighting with less work, but assure safety, too.

IN OUR showroom is a magnificently new idea in fine car motoring for the American Road. It is remarkably different; it has a daring spirit that has never been approached in motoring. It is Lincoln for 1952.

Here is a new kind of fine car—eminently functional, breath-takingly beautiful, to fit every motoring need of modern living.

Here is a new kind of design—clean, uncluttered from stem to stern. A sizable but maneuverable masterpiece.

And here is a new kind of power—superbly responsive and efficient power—from a completely new overhead valve, high-compression engine, 160-horsepower pride of the men who have built more V-8s than all other makers combined.

The Lincoln Cosmopolitan and the Lincoln Capri await you in our showroom. We invite you to see their new lines, discover their supreme performance, experience this new and modern concept of the fine car.

In two incomparable series...

—the Cosmopolitan
—the Capri

It is a time when one can easily correct past mistakes or carelessness. It is a time to check up on one's way of living. It is a time to plan one's future way of living," said Fr. Festival of Purim Starts Monday at Temple Isaiah

Events associated with the Festival of Purim occurred in ancient Persia and tells the tragic story of the Jewish people and of their experiences in that country under the rule of King Ahasuerus.

"The significance of Purim lies not so much in a particular escape of the Jews of Persia, but rather in its symbolic connotation. Purim has been kept alive throughout these many centuries because the fate of Israel is symbolized in the story of this festival. The Book of Esther may well be regarded as an allegory depicting not only Jewish life

Directional Sign is Completed at Adventist Church

The Rev. W. A. Renfro, pastor of the Little Neighborhood church of the desert—Seventh Day Adventist—said Monday that the new directional sign guiding people to the church at South Riverside drive and Camino Real has been installed at Palm Canyon drive.

It is marvelous what has been done in a short time in meeting our goal," he said.

CHRISTIAN SCIENCE SUNDAY SUBJECT 'MAN'

Man as the image or reflection of God has a perfect, everlasting existence, the Sunday Bible lesson on "Man" in all Christian Science churches points out.

The Golden Text is from Daniel (10:19): "O man greatly beloved, fear not: peace be unto thee, be strong, yea, be strong." This verse from I John will be read, "For this is the message that ye have heard from the beginning, that we should love one another" (3:11).

Citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy include: "It should be thoroughly understood that all men have one Mind, one God and Father, one Life, Truth, and Love. Man-kind will become perfect in proportion as this fact becomes apparent, war will cease and the true brotherhood of man will be established" (p. 467).
